ARCHITECTURAL PRODUCT OVERVIEW

This custom-made three-tier circular mosque chandelier combines the elegance of traditional Ottoman and Islamic decorative arts with modern lighting technology and contemporary metal craftsmanship. Designed especially for large mosques, central domes, prayer halls, Islamic complexes, masjids, and other high-ceiling religious interiors, the chandelier functions both as a primary lighting fixture and as a powerful architectural centerpiece. The design consists of three concentric tiers of white lamps, each tier featuring green calligraphy. The chandelier is suspended from a central metal structure, which is custom-made to fit the specific dimensions and style of the project. The chandelier is made to order, ensuring it meets the specific requirements of the project.
